**Vision:**

To be the best system through which hopes can be restored, many can smile and realize their dreams.

**Core Values:**

Leadership

Empowerment

Collaboration

Integrity

Equality

Innovation

Sacrifice

**Who we are/Objectives:**

Lead Connect Global is a non-governmental organization and humanitarian initiative that was established on the principle that everyone deserves a right to equality. As we are all created equally, we all deserve access to information and opportunity. This will, in return, give us options to live a happy and better life. We believe that by working together, we can reduce hardship, create jobs, change lives, develop talents, provide education, build an egalitarian society, nurture good leaders, organize entrepreneurship seminars and mentorship, and positively impact the lives of individuals involved, since this will, in return, help individuals develop a positive mindset to create a better future. This foundation was created by youth and is for all, irrespective of being youth or elderly. With this, we say that we are all responsible for the change we want to see in the world, and it starts with us impacting the lives of those around us. We want to be intentional, deliberate, and impactful.

We want to create platforms for engagement

We want to create platforms for information sharing

We want to bring international best practices to our communities.

We want to shape the future leaders to be able to make calculated decisions, to be stronger and better than we are. They must be more innovative and creative.
